

# SATISFYING THE LIBERAL STUDIES REQUIREMENTS FOR STUDENTS INTENDING TO MAJOR IN BUSINESS

## AREA I. Mathematics

Business students must complete (or exempt through examination) 9 semester hours in mathematics and statistic courses. Therefore, you will automatically satisfy the mathematics requirement. The following courses must be completed.

- MAC 1105 College Algebra (3);
- MAC 2233 Calculus for Business and Non-physical Sciences (3); and
- STA 2023 Fundamental Business Statistics (3).

Each of the courses above must be completed with a grade of "C-" or better.

## AREA II. English

There are no specific English courses that business students must take. Therefore, you may take any two courses that satisfy the Liberal Studies English Requirement. Most students choose to take ENC 1101 and ENC 1102. Each English course must be completed with a grade of "C-" or better.

## AREA III. History/Social Science

Business students must complete 9-12 semester hours (3 or 4 courses).

- You must complete one Liberal Studies History Course.
- You must complete the two economics courses below:
  - ECO 2013 Principles of Macroeconomics (3)
  - ECO 2023 Principles of Microeconomics (3)

It is recommended that you choose to complete one additional History/Social Science course.

## AREA IV. Humanities/Fine Arts

There are no specific Humanities/Fine Arts courses that business students must take. Therefore, you may take any courses that satisfy the Liberal Studies Humanities/Fine Arts Requirements. At least one course must be a literature course, designated with an asterisk. You must complete 6-9 semester hours (2 or 3 courses). You should complete 2 courses in the Humanities/Fine Arts area if you choose to complete 4 courses in the History/Social Science area. If you choose to complete only 3 courses in the History/Social Science area, you must complete 3 courses in the Humanities/Fine Arts area.

## AREA V. Natural Science

There are no specific Natural Science courses that business students must take. Therefore, you may take any courses that satisfy the Liberal Studies Natural Science Requirements. You must complete 7 semester hours, two courses and a laboratory that accompanies one of the courses. Note that some of the natural science courses are intended primarily for students majoring in the sciences. It is recommended that you **do not** choose to take these courses designed for science majors (unless you are considering a double major in the sciences or the possibility of changing your major to a science discipline).

**For a complete explanation of the Liberal Studies Requirements and a list of the Liberal Studies courses, refer to Appendix B of your *It's All Academic* book or the "Undergraduate Degree Requirements" section of the *General Bulletin* at <http://registrar.fsu.edu/bulletin/>.**
